

There is an unrestrained Stronghold running rampant within the Body of Christ right now. You may know some believers who have become oppressed by it. You may have even fallen victim to it yourself.

And I must tell you right now that:

1. It's stopping you from pursuing opportunities that would help you grow spiritually, personally and professionally.
2. It's **interfering** with your ability to give as the Lord leads, thereby hindering the flow back into your life.
3. It's preventing you from doing the things that God has called you to do, such as serving on the mission field, launching your own business or coming out of the world's system and serving God full time.

Because here is the hard truth

You have been going about it the wrong way. You are trying to use natural tactics within a supernatural system. The interesting thing about the world's strategies is that they might work periodically, to some degree but they'll never attain and sustain the life of abundance that God promised you. Therefore....like so many other believers, you remain oppressed by the **Stronghold Spirit of Lack**

But, there is another way of entry into the abundance of God that you seek. It is the full, absolute, and complete understanding **and** belief in the "Truth" as it pertains to provision.

This is a truth about **accessing supernatural provision** that goes beyond the world's system of working harder, longer and becoming more *charming* to get ahead. This is also the same truth that goes beyond the church's teaching on prayer, fasting and tithing, as you know it. And, since you are still reading, you are one of the fortunate ones because I will be revealing some of those truths on this FREE call.

P.S. Remember, living in lack isn't why you chose to follow Jesus. It isn't love. It isn't peace. It isn't joy. And, it isn't attractive to the lost.
